We adopt this notice to comply with the California Consumer Privacy Act of 2018 (“**CCPA**”) and other California privacy laws. Any terms defined in the CCPA have the same meaning when used in this notice.

If you are a California resident, the following provisions apply to our processing of information that identifies, relates to, describes, is capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular consumer or household subject to the CCPA (“**Personal Information**”). For such residents, the provisions of this Notice prevail over any conflicting provisions in the Privacy Statement of IQ Data International, Inc.

Your Rights and Choices

The CCPA provides consumers with specific rights regarding their Personal Information. This section describes your CCPA rights and explains how to exercise your rights.

Access to Specific Information and Data Portability Rights

You have the right to request that we provide to you your Personal Information that we collect, use, disclose, and/or sell. This includes:

- The categories of Personal Information we collected about you (1798.110(a)(1));
- The categories of sources for the Personal Information we collected about you (1798.110(a)(2));
- Our business or commercial purpose for collecting that Personal Information (1798.110(a)(3));
- The categories of third parties with whom we share that Personal Information (1798.110(a)(4)); and/or
- The specific pieces of Personal Information we collected about you (also called a data portability request) (1798.110(a)(5)).

Exercising CCPA Rights

To exercise the rights afforded to you under the CCPA, please submit a verifiable consumer request to us by either:

- Visiting www.iqdata-inc.com/dataprotection/usa, and clicking on the “Exercise My Rights” button; or
- Calling us at 1-866-432-1113.

Only you or a registered agent may make a verifiable consumer request related to your Personal Information. If applicable, you may also make a verifiable consumer request on behalf of your minor child.

You may only make a verifiable consumer request for access or disclosure twice within a 12-month period, and the request must:

- Provide sufficient information that allows us to reasonably verify you are the person about whom we collected Personal Information; and
- Describe your request with sufficient detail that allows us to properly understand, evaluate, and respond to it.

In order to process your request safely and protect your Personal Information, it is required that you go through an identification verification process that will ask you for certain required information (including but not limited to your name, your date of birth, the last four digits of your SSN, your email address, your IQ Data International, Inc. product, your address, your photo, and a copy of your photo ID). In the instance that your identification can not be verified, you will be contacted. We cannot respond to requests if we cannot verify your identity. Making a verifiable consumer request does not require you to create an account with us.

Response Timing and Format

We will respond to a verifiable consumer request within 45 days of its receipt. If we require more time, we will inform you of the reason and the extension period in writing. Any disclosures we provide will only cover the 12-month period before the date the verifiable consumer request was received. If we cannot process your request, we will explain the reasons why we cannot comply with the request. All responses will provide your Personal Information in an easy to read format.

We will not charge a fee to process or respond to your request unless your request requires additional resources outside of our normal data request process. If we determine that the request warrants a fee, we will tell you why we made that decision and provide you with a cost estimate before completing your request.

Deletion Request Rights

You have the right to request that we delete any of your Personal Information that we collected from you, subject to certain exceptions. Once we receive and confirm your verifiable consumer request, we will delete (and direct our service providers to delete) your Personal Information from our records, unless an exception applies. Deletion requests will be processed by either: deleting your Personal Information; de-identifying your Personal Information; and/or aggregating your Personal Information.

We may deny your deletion request if retaining the Personal Information is necessary for us or our service providers to:

6. Engage in public or peer-reviewed scientific, historical, or statistical research in the public interest that adheres to all other applicable ethics and privacy laws, when the information's deletion may likely render impossible or seriously impair the research's achievement, if you previously provided informed consent;
7. Enable solely internal uses that are reasonably aligned with consumer expectations based on your relationship with us;
8. Comply with a legal obligation; and/or
9. Make other internal and lawful uses of that information that are compatible with the context in which you provided it.
